SIGNATURE OF AUTHORISED OFFICER

I, the undersigned, being duly authorised by the Australian Chamber of Commerce and Industry to sign documentary evidence of origin, hereby certify that on the basis of information supplied by the exporter and to the best of my knowledge and belief the country of origin of the above mentioned goods, based on the rules of origin claimed by the exporter, is AUSTRALIA

SIGNATURE OF AUTHORISED OFFICER
DATE

Products shall be taken to be of Australian origin if they are:

- (a) mineral products extracted from
 - soil within Australia
 - within Australian territorial waters
 - the sea-bed of Australian territorial waters
 - within any Australian territory
 - the territorial waters or the sea-bed of the territorial waters of any Australian Territory.
- (b) vegetable products harvested or gathered within Australia.
- (c) live animals born and raised in Australia.
- (d) products obtained or derived from live animals born and raised in Australia.
- (e) products obtained or derived from animals born, raised and slaughtered in Australia.
- (f) products of hunting or fishing carried on in Australia.
- (g) products of sea-fishing by Australian vessels.
- (h) products, other than products referred to in (g), which have been taken from the sea by Australian vessels.
- (i) products obtained on board an Australian factory ship solely from the products referred to in (g) and (h) above.
- (j) products taken from the sea-bed outside Australian territorial waters where Australia has exclusive rights to the extraction of the product from that soil or sub-soil.
- (k) manufacturing and processing waste and scrap products and used articles collected within Australia provided such products are only fit for recovery of raw materials.
- (l) goods which are produced in Australia solely from the products referred to in paragraphs (a) to (k) or from their derivatives at any stage of production.
- (m) manufactured in Australia from, or include, imported materials or components, if those materials or components undergo or are included in a process or operation:
 - (a) which results in the manufacture of a new product or
 - (b) which substantially transforms the nature of the materials or components or
 - (c) which represents an important stage of manufacture in an ultimate product produced from the exported product.

PROVIDED THAT

- (a) the process or operation was economically justified and was not designed to circumvent the correct origin of the product being ascertained.
- (b) the operation did not consist of an operation:
 - i. which contributed to only a small extent to the essential character or property of the product;
 - ii. which was necessary for the preservation of the product during transport or storage;
 - iii. to improve the packaging or marketable quality of the products or to prepare them for shipment (such as breaking bulk or repackaging)
 - iv. which was simply assembly operations, or
 - v. which mixed goods of different origins but resulted in a product whose characteristics were not essentially different from the characteristics of the goods which were mixed.
